That is correct. If the coffee cart and PBID info booth are going to be present, which has yet to be confirmed with me, want to be present there will be some available square footage toward the south end of the ship between the ticketing area and the restrooms closest to the roadway so as to not block the entrances points.

The current drawing for the dock shows what appears to be room on the south end. I'll verify with Todd.

Hello Jonathan,

Can you please let us know where you will be placing the Chamber Info Booth and the PBID info booths? I had assumed we would be in the current PBID location but I understand that might be where you are putting the Sailor Jerry's Bar.

We will have two pop-ups that will be adjacent to each other.

Thanks!
